

Workload Notes (Week of Nov 17 - 23)

Members: Iancarlo Trejo, Oday Suleiman, Bryan Dominguez

**Bryan (Frontend + Presentation):**

- Create User Profile and Post Creation screens
- Improve frontend responsiveness (button scaling + layout fixes)
- Prepare Milestone 4 slide deck
- Add UI screenshots to slides

**Iancarlo (Frontend):**

- Improve navigation bar and page routing
- Add moderation/reporting placeholder components
- Apply temporary styling to give pages a more complete look
- Assist Bryan with UI visuals for the slides

**Oday (Backend):**

- Fully integrate Trie: insert new posts + autocomplete search
- Improve Skip List performance for sorting post feed
- Add/clean up backend routes for searching and feed retrieval
- Add robust validation and error handling for inputs
